Union Community Garden Work Parties

Eleanor Erickson Park, Liberty Ave
across street from Bancroft Ave.

Keeping the
Garden State

Members were allowed to go to the Community Garden found at Liberty Ave and Bancroft Avenue. They were directed by community workers who also plant their produce there, in which they provided gloves, hoes, wheelbarrows, shovels, and water. For this particular event, members had to winterize the garden beds, which meant removing any weeds that might grow out on top of the bed and covering them with mulch and topsoil. Considering the cold weather, many community members are harvesting, and so we will meet again in the springtime!

Winter Wonderland Town Hall Event-

12/03 + 12/04

Given the dire circumstances last year, having to volunteer for 2 days was a blast! It felt more approachable being that members could collaborate and have fun while doing so. For some earlier assigned times, members must guard the lines for the ice skating rink and allow a limited amount of children on. The latter half consisted of distributing s'more packs to people by the fireplace. We even got to have some, and it was fun trying to ration everything. I would love to do this service event next year, as it sits at the top of my list!

Livingston Clothing Drive - 12/11
